

As shown in Figure 3 and 4, the main distinguishing portion according to the present invention is the overlapped portion of panel made of mesh material of the said crown portion 1 and headband portion 3 that emblems are printed on according to the user's need, which structurally consists of the panel portion 4 made of mesh material, the emblem portion 5 printed on headband and general fabric portion 6. The said printed emblems 5 are only in outside fabric portion of headband, not in inside.

WHAT IS CLAIMED IS:

1. A baseball-style cap comprising:

a crown main body having a plurality of panels;

a visor portion secured to a forward portion of a peripheral edge of said crown main body and extending outwardly therefrom;

a headband attached along said lower peripheral edge of said crown main body, At least one of said plurality of panels of said crown is made of mesh material so that inside can be seen, and emblem like numbers, figures and so on that user wants are printed on outside of the said headband, and the said panel, made of mesh material, is overlapped with the emblems, which is represented on outside of the said headband

so that the emblems outside of the said headband can be seen between the panels made of mesh material.

2. The cap as set forth in claim 1, wherein said emblems outside of the said headband are represented by print.

3. The cap as set forth in claim 1, wherein said emblems outside of the said headband are represented by embroidery.

4. A headwear comprising:

a crown main body having a plurality of panels;

a brim portion secured to a forward portion of a peripheral edge of said crown main body and extending outwardly therefrom;

a headband attached along said lower peripheral edge of said crown main body, At least one of said plurality of panels of said crown is made of mesh material so that inside can be seen, and emblem like numbers, figures and so on that user wants are printed on outside of the said headband, and the said panel, made of mesh material, is overlapped with the emblems, which is represented on outside of the said headband so that the emblems outside of the said headband can be seen between the panels made of mesh material.

5. The cap as set forth in claim 4, wherein said emblems outside of the said headband are represented by print.

6. The cap as set forth in claim 4, wherein said emblems outside of the said headband are represented by embroidery.
